Makkah:
 Latitude: 21.42
 Longitude: 39.83
 Time zone: GMT +3.00
 Altitude: 1017 feet
 (310 meters) above
 sea level.

Juristic Method:
 Standard
Calculation Method:
 Umm Al-Qurā

Leaving 'Arafah: On the Day of 'Arafah (9th of Dhul-Hijjah) do **NOT** leave 'Arafah before sunset: **6:55pm**.

Prayer: On the Day of 'Arafah delay Maghrib prayer until you reach Muzdalifah. But in any case, do NOT delay Maghrib and Isha past the middle of the night (**11:46pm**). Pray anywhere if you don't have time to reach Muzdalifah before the middle of the night.

Leaving Muzdalifah:

- The time to leave Muzdalifah is shortly *before* sunrise (**5:57am**) as the Prophet (ﷺ) did. Leaving *after* sunrise was a practice of the time of Jāhiliyyah. Spend the time from fajr to before sunrise in the remembrance of Allah (سبحانه وتعالى).
- Women, children and the weak (and those who accompany them) can leave Muzdalifah *after* the middle of the night: **11:46pm**.

Ramy on the Days of Tashrīq:

Ramy on the three days of Tashrīq starts after Zawāl (i.e. Zuhr time): **12:26pm**.

Time for ramy is over at sunset of the last day of Tashrīq: **6:53pm**.
